Ogden, Tuesday, April 27.

NEW THEATRE PLANNED
BY CORT FOR OGDENUtahna to Be Remodeled After the
Colonial of Salt Lake City.

Ogden is to have a new theatre modeled after the Colonial of Salt Lake City, to be under the management of John Cort and to present the Klaw & Erlanger attractions and others that have been under the control of Cort in the west heretofore. Yesterday a contract was signed by the representatives of the Peery estate and R. A. Grant, representing the Cort interest, for a ten-year lease on the Utahna theatre, which is a part of the Peery estate. This theatre is now \$24,135 feet in dimensions. Both Mr. Grant and the Peery brothers announce that this building is to be remodeled and remodeled at a cost of \$15,000. It is to be extended back a distance of sixty-five feet, making it 200 feet deep in all. It is to be made three stories high. The front is to be fitted up with a new and a broad lobby similar to that of the Colonial, and the upper floors in front are to be fitted up for offices. E. W. Houghton of Seattle, the architect who has planned many theatres for John

SOAP OUT OF DATE.

Soap out of date? That certainly sounds startling in these days of cleanliness and hygiene; but the introduction of such a soap powder as Gold Dust has made the slow-dissolving cake of soap a "back number." The reason is simple. Until soap is dissolved it can not soften water or remove dirt. The cake must be cut up and dissolved to make a "soft soap" before it is really effective for washing clothes; while the fine grains of Gold Dust being so small, dissolve at once. Besides, Gold Dust has a double action in water; it dissolves the hard lime, etc., to make the water soft, and in so doing is instantly dissolved itself. Therefore, Gold Dust is the most convenient, as well as the best cleanser—for clothes and everything.

As a Matter of Health

The necessity of having the food properly preserved from contagion-breeding insects is of the most vital importance during the warm season.

THE ALASKA REFRIGERATOR INSURES COMPLETE PROTECTION TO EVERY ARTICLE OF FOOD PLACED IN ITS CHAMBERS.

Its remarkable ice-saving qualities and attractive appearance make it the queen of refrigerators.

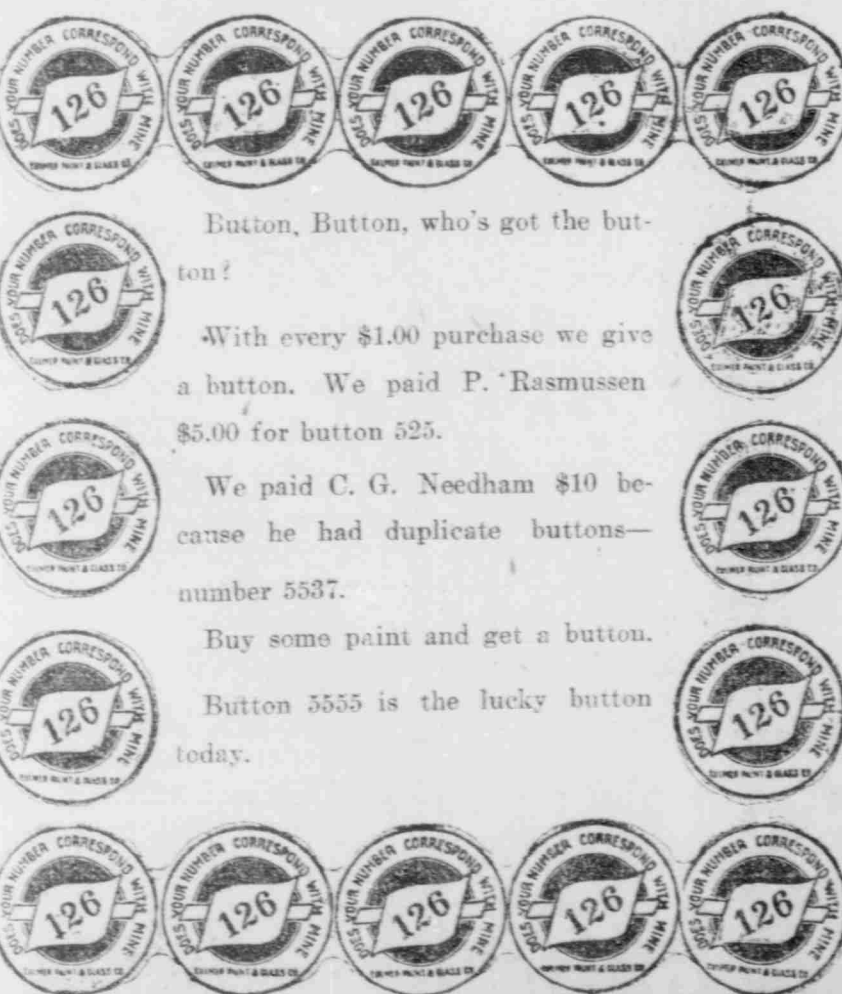

YOU CAN BUY THEM NOW \$15.00 AND UP.

OGDEN COUNCIL
HAS BUSY SESSION

A movement was started in the city council last night to remove the poles from some of the principal business streets of the city. The matter came up on a petition from property owners. After some discussion there was some doubt as to the power of the city council to compel the removal of the poles, and the whole matter was finally referred to the city attorney. It is found that the franchisees do not give the city the power to compel a removal, a special ordinance will be passed.

Canal Stock Sold.

The board of county commissioners sold yesterday at public auction thirty shares in the Davis & Weber Canal company for prices ranging from \$12 to \$14. David Mattson bought fifteen shares for \$1.95; George J. Kelly bought ten shares for \$1.35, and George Holmes bought five shares for \$9.65. The land was not sold. There were no bids, as the feeling existed that the county was holding it at too high a figure. The land the county has for sale lies just east of the Oregon Short Line track, adjoining the poor farm.

Conference of Union Pacific Men.

There was a conference of Union Pacific officials in this city yesterday, at which the affairs of the division extending from Ogden to Rawlins were up for discussion. Those present at the meeting were Superintendent W. A. Whitney, W.

M. Jeffers, F. H. Smith, N. W. Spangler, L. L. Brown, W. S. Law, D. E. H. T. Kelligher, W. N. Roth, E. M. Tierney, B. H. Moore, Bert Eshenson, G. F. Matland, J. A. Olinovich, F. S. Starratt, V. E. McCarthy, E. D. White, F. A. Beck, D. C. Olmstead, T. M. Scott and A. L. Carpenter, all of whom are connected in official capacities with this division of the Union Pacific.

Robber Holds Up Japanese.

Early yesterday morning a robber entered the apartment of Rikaji Yamagata, a Japanese, at 2759 Wall street, and stole \$20 in cash and two valuable watches. There were a number of Japanese in the place when the thief entered. He carried a large revolver and had a handkerchief tied over the lower part of his face. At first Yamagata and his companions thought it was a joke that was being perpetrated upon them. They were soon undeceived by the robber, who made them understand that he meant business.

Plan of New Freight Depot.

Resident Engineer A. Q. Campbell of the Harriman system has made a sketch of the freight depot to be erected in Ogden in the immediate future. It calls for a substantial stone building, two stories high, 90 feet wide and 400 feet long. A fifty-ton crane will be used in connection with this freight depot to facilitate the handling of heavy packages. It is announced, too, that the tracks are to be so arranged that 100 freight cars can be accommodated at one time.

Ogden Briefs.

John Cox of Plain City died at the Ogden general hospital Sunday night at the age of 73 years.

Julius A. Smith is having plans prepared for a \$6,000 home to be erected on Madison avenue near Twenty-fourth street.

Mr. and Mrs. E. A. Collins and Mr. and Mrs. George W. Angelo have gone west to spend some weeks on the Pacific coast. David Eccles is home from Los Angeles, after spending some time visiting his wife and children, who are stopping there.

Mr. and Mrs. Lafayette Farley, who visited Albert Greenwell at the Holy Cross hospital on Sunday last, report him as improving nicely.

In the case of George Down vs. Union Pacific Railroad company for damages to goods in transit on trial in district court, jury returned a verdict yesterday of \$300.

The cash bond of \$500 put up for Louis Beckman by his mother at the time he was arrested on the charge of robbing the Clark home some weeks ago was declared forfeited by Judge J. A. Howell yesterday.

Leslie Fuller was given a preliminary hearing before Judge John D. Murphy yesterday on the charge of forgery. He was bound over to the district court, his bond being fixed at \$500.

Licenses to marry were issued by the county clerk yesterday to Marius Hansen and Olga Larsen, both of Ogden; and Merrill Nibley of Salt Lake City and Helva Woldman of Ogden.

Deputy Game Warden Van der Vlies arrested T. France of Plain City on Sunday for fishing without a license. This and several other similar cases will be up in the police court this morning.

Nicholas Vacos was arraigned before Judge J. A. Howell in the district court yesterday morning on the charge of disorderly conduct. He took the statutory time for entering his plea, which continues the hearing until May 3.

A lot 115 feet square on the corner of Monroe avenue and Twenty-fourth street was sold yesterday by Dr. C. E. Coulter to Heber Scowcroft for \$3,450. Mr. Scowcroft intends building a \$20,000 residence on this corner.

H. J. Platfoot filed a petition in district court yesterday for letters of administration of the estate of Sophia Platfoot. The property consists of real estate in Ogden valued at \$2,900. The heirs are H. J. Platfoot, the husband, and Henrietta and Inez, two daughters.

A. M. Storm and Frank Storm, doing business as A. M. Storm & Son, instituted suit in the district court yesterday against J. C. Legett and others, asking them to collect a note of \$900 given by the defendants Dec. 3, 1908, for ninety days, together with interest at the rate of 8 per cent.

Active construction work on the Wall avenue extension of the Ogden Rapid Transit was started yesterday morning. This work was extended south to the new Union Pacific board, composed of Chairman J. O. Mathews, Airbrake Inspector Breece and Dr. J. F. Allen, is in Ogden for the purpose of making the regular annual examination of all employees of the road. These examinations cover not only knowledge of railroading, but the physical condition of the men as well, with special reference to eyesight and hearing.

Rosa A. Spiers filed suit for divorce in district court yesterday against John W. Spiers. In her complaint Mrs. Spiers set forth that she and her husband were married in Ogden, Dec. 16, 1908; that they have one minor child and that her husband deserted her on the day of their marriage and has since failed to support her. She asks for a decree of divorce, the custody of the child, Florence Edith Spiers, an alimony of \$25 a month.

NEW THEATRE TO BE
FINISHED IN JUNE

The Mission theatre is the name of a new playhouse on Third South street, immediately east of the Colonial theatre, which is planned to be finished by the end of June.

The theatre will be at the back of the big building to be erected on the lot, and the entrance will be through a wide lobby, running the length of the building to the theatre. The lobby is to be finished in Italian marble, with tiled floor and with mirrors at the sides. It will be set with 1,000 lights overhead. The theatre is to be constructed of steel and concrete, and will have eight exits. The stage will be thirty feet deep, with asbestos curtain. There will also be a new and efficient exhaust process by which the air in the house can be changed every three minutes.

LEARNING THINGS
We Are All in the Apprentice Class.

When a simple change of diet brings back health and happiness the story is briefly told. A lady of Springfield, Ill., says:

"After being afflicted for years with nervousness and heart trouble, I received a shock four years ago that left me in such a condition that my life was despaired of."

"I could get no relief from doctors nor from the numerous heart and nerve remedies I tried, because I didn't know that coffee was doing me back more than the doctors could put me ahead."

"Finally at the request of a friend I left off and began the use of Postum and against my convictions I gradually improved in health until for the past 5 or 6 months I have been entirely free from nervousness and those terrible sinking, weakening spells of heart trouble."

"My troubles all came from the use of coffee, which I had drunk from childhood, and yet they disappeared when I quit coffee and took up the use of Postum."

Many people marvel at the effects of leaving off coffee and drinking Postum, but there is nothing marvelous about it—only common sense.

Coffee is a destroyer—Postum is a re-builder. That's the reason.

Look in pkgs. for the famous little book, "The Road to Wellville."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

The theatre will be furnished throughout by Mission style. It will have seats for 700 down stairs and for 300 in a balcony. The entrance to the balcony will be from the foyer up a winding stair, wide and well lighted.

As soon as this house is completed, it will be occupied by the Advance Amusement company, which now has a lease on the Lyric theatre, where a picture and illustrated song program is given. It is the intention to make the Mission theatre the highest class picture house in the country. The Advance Amusement company's contract for the Lyric expires next Friday night, after which, until the completion of the Mission theatre, it will be without a home. It is not known yet who will occupy the Lyric.

Foley's Honey and Tar is a safeguard against serious results from spring colds, which inflame the lungs and develop into pneumonia. Avoid counterfeits by insisting upon having the genuine Foley's Honey and Tar, which contains no harmful drugs. F. J. Hill Drug Co.

LARGE MILL BURNED.

Parral, Mexico, April 26.—News has been received here that one of the large mills of the Hidalgo Mining & Milling company at Parral has been destroyed by fire. A high wind rendered all efforts to check the flames unavailing.

The mill was built some years ago at a cost of \$250,000.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 32 up Main street, \$2.00 per year and upwards.

AUTO CARNIVAL STARTS

Hill Climbing Contests, Speed Contests in All Classes Are Scheduled.

New York, April 26.—The annual New York automobile carnival opened in earnest today with a hill climb at Fort George, in which ten events were scheduled. The other principal road events of the week have been set for Tuesday afternoon at Hillside avenue, Jamaica—the straight-away time trials. Nine events have been set at two miles and ten at one mile, the gasoline cars being graded both by price and cylinder capacity. Free-for-all and stock classes events will be featured at each distance. Thursday is to bring a touch of mimic warfare in the military evolutions by automobiles. A lot of cars will be drafted to show how rapidly military men can be gathered and transported by automobiles in case of riot, war or disaster. On Friday a "one gallon test" as it is called, will be held over one of the New York suburban roads.

The hill-climbing contest was successfully run off today at Fort George, Manhattan. There were no accidents. The best mark over the 1,000 feet of the abrupt ascent was in the free-for-all, when the Benz gasoline 120 horsepower recorded 24.5 seconds.

Last year the best mark under similar favorable weather conditions was 29.45 seconds, made by the White steamer.

The 20-horsepower gasoline Panhard was easily second today in the free-for-all, making 21.5 seconds. Six others finished. The Stearns won the six-cylinder event for the price class in 21.5 seconds, and the Simplex took the four-cylinder contest in 24.5 seconds.

The other winners in the gasoline classes were: Palmer and Singer, 41.25 seconds; Chalmers Detroit, 40.45; Buick, 20.25; E. M. F., 33.45; Maxwell, 22.8.

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting cheap imitations or other substitutes. The genuine contains no harmful drugs and is in a yellow package. F. J. Hill Drug Co.

DROWNS IN SWILL BARREL

Boy Drops Top in Barrel and in Effort to Recover It Falls in Head First.

American Fork, April 25.—Freddie, the eight-year-old son of Mr. and Mrs. Wilcox, was accidentally drowned in a swill barrel tonight, or some time this afternoon. The parents of the little boy had come to leave to attend the D. C. conference, and had left the children at home. The other children had gone over to one neighbor and left the boy at a swill barrel, and the supposition is that the lad had dropped his top in the barrel, and in making an effort to get it out he fell head first into the barrel in such a manner that his head was covered by the slop or swill, and he was unable to extricate himself. When the parents returned home and the little fellow did not show up, a search was instigated with the result that his body was found about 8:30 this evening.

Word was received by Charley Wright of this place this morning that his brother, Arthur Wright, of Bingham, who had been dangerously ill with pneumonia, was very much improved and that he was in a fair way to recovery.

AMUSEMENTS

"The Burgomaster" drew another big and delighted audience to the Colonial last evening. The bill runs all week.

Seat reservations for the Chicago Symphony Orchestra's concert will open at the Clayton-Daynes company next Saturday morning.

Daniel Sully's new play, "The Matchmaker," comes to the Colonial theatre next Sunday evening for a week's engagement.

The Lyric was packed to the doors last evening, drawn there to hear the intensely interesting lecture upon the great earthquake at Messina and to view his splendid collection of natural curiosities. Mr. Gilbert depicted the scenes of destruction in eloquent language. No adequate idea of the terrible destruction can be obtained unless the listener to a master entertainer like Mr. Gilbert and looks upon the photographic reproduction as exhibited by him. His lecture goes until Friday night, when the present management of the Lyric closes the house to reopen in the new Mission theatre now being especially erected for Manager Clark and his associates on Third South next to the Colonial.

"Carmen" at the Bungalow is a splendid performance. Mary Hall as Carmenita is strong and fascinating. The version used is a good one and has several features. The stage effects are unusual and altogether it is one of the best stock performances of the past year ever seen in Salt Lake. Next week will be given "The Climbers," a play which holds up to scorn the high fashion doings of fashionable New York.

The Orpheum bill this week is proving one of the most popular of the season.

The mystifying performances of "the great McEwen" at the Grand continue to draw good houses. McEwen gave a very clever performance last night to a good sized audience, that seemed to thoroughly enjoy each part of the program.

The massacre is scheduled at Port Douglas and will begin at 10 o'clock. The jewelers and opticians will line up: P. J. Quillette, c.; J. E. Broadus, p.; R. E. Kingsley, l. b.; W. Schwan, 2 b.; A. Fehr, 3 b.; A. Fehr, s.; George Sinclair, r. f.; W. G. Sadlier, l. f.; Nate Young, c. f.

WHAT JOY THEY BRING
TO EVERY HOME

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature, and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co. Syrup of Figs and Elixir of Senna has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs and Elixir of Senna has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs and Elixir of Senna, obtained by an original method, from certain plants known to them to act most beneficially, and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy, and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs and Elixir of Senna always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
